

How to create an animated Season's Greetings video?

Easily create an animated video to wish your family and friends happy Xmas, New Year, ...

Have you started thinking about how you're going to send your holiday wishes yet? A Season's Greetings video is a fun way to surprise your friends and family with your best wishes for the holidays. It's also a great way to keep in touch with your clients or to thank your partners and colleagues for an amazing year.

The following tutorial explains how you can create your own Season's Greetings video in 10 easy steps:

STEP 1 Create a Free account on Moovly: www.moovly.com

STEP 2 Once logged in, click New Moov.

STEP 3 Enter a Title for your video and a Description.

STEP 4 On the Styles page, select Just let me in: The Moovly Editor now opens. The Moovly Library is on the left side.

STEP 5 Select the Season's Greetings Library in the Moovly Library dropdown list.

STEP 6 Start composing your content by dragging and dropping objects on the Stage.

STEP 7 Add animation effects on the Timeline and adjust the timing of your objects.

STEP 8 Click Play to preview your video and close the Editor when ready.

STEP 9 Click the Thumbnail of your video to go to the Details page.

STEP 10 Download or Publish your video the way you want.

Final Tips

- You can also use one of the templates on your My Moovs page.
- The Library also contains music which you can add to your video
- You can record your voice and add your spoken wishes
- You can use your own pictures and use these in your animations
- With a Plus or Pro license, you can even include video clips
